DESCRIPTION

The Centennial College Library and Administrative Office Facility forms the main entrance for the college's Scarborough campus, and serves as its academic hub. The 104,000-square foot, four-storey building includes a café, auditorium, library, classrooms and labs and office spaces. The project also includes green roofs, a four-storey bio-filter wall in the atrium and a cistern that collects the rainwater from the roof drains to be used as grey water.
