PORT CREDIT LAKESHORE DEVELOPMENT

LOCATION

Mississauga / Port Credit

COMPLETED

2010

ARCHITECT

Giannone and Associates

ACCREDITATION

LEED

DESCRIPTION

This Fram Building Group project included several multi-residential buildings, some that incorporated retail, to revitalize Mississauga's lakefront. In total the development included 70 and 80 Port Street, The Regatta (at 65 Port Street) and the 22-storey North Shore Condominiums. The site also includes a supportive housing complex for seniors and several restaurants, which were part of our scope of work. The development sits atop a network of large underground parking garages; structural systems employed were largely cast-in-place concrete.
